4. Safe Routes:
Kelly showed the map of the Safe Routes for our school. We reviewed the crosswalks and talked about the new offramp that will be built on Main street. There will be a need for more crosswalks with more traffic when the off ramp is put in. We discussed the crosswalk at Telegraph Road. There has not been a consistent crosswalk person, so the police have been manning it. Kelly talked about when there are issues that happen with students when they are using the safe routes, the school can initiate discipline with students. The school can also initiate calls to police if there is an issue also.
